SO MUCH TO SEA

We're pretty partial to our home on the south shore, and if you immerse yourself in the unique beauty, history and culture here, you too will experience the kind of laid-back coastal way of life.

Just a quick drive away, you'll discover the colourful and charming seaside communities of Chester, Mahone Bay and Lunenburg – a UNESCO World Heritage Site. Each has its own distinct character and fascinating history to share, and the architecture feels like paintings come to life. Be sure to tour the Fisheries Museum of the Atlantic in Lunenburg and, if you're lucky, you might even catch a glimpse of the iconic Bluenose II if she's in.

Nearby Ross Farm, a living museum that takes a leap back in time, is a piece of working history not-to-be missed. And a trip out east can never be complete without an outing to the rugged granite shores and powerful tides of legendary Peggy's Cove, a breathtaking place that has enthralled artists and adventurers from around the world for generations.

Natural gems like Kejimikujik National Park and The Ovens Natural Park make a fun adventure.

We'll be waiting for you to get back, so you can tell us all about it!
